CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JUNE 2, 1949

NUMBER 9

AFTER THE OPERATION

This Blue Baby's Future Is Looking Plenty Bright

Eight-year-old Marilyn Mitchell of Grand Prairie had her second blue baby operation and apparently it was a success.

Late Wednesday, the frail little girl slept in an oxygen tent. She had spent six hours in the operating room at the Children's Hospital agency.

Even before the anesthesia wore off, the blueness had left Marilyn's lips and fingernails and had started to disappear from the skin.

Marilyn was born with a heart defect. It kept her heart from pumping enough blood through the lungs where the blood normally is purified by oxygen before resuming its endless journey through the body.

Such a defect causes the whole body to suffer from lack of oxygen, and to reflect the bluish color of unpurified blood. Blue babies have little strength, even for walking across a room.

In 1947 an operation to correct Marilyn's heart defect failed.

At that time the surgeon, expecting to reroute the blood by splicing two vessels together, opened the right side of her chest and found that one of the vessels was too short.

The same surgeon did the operation Wednesday, opening the left side of the chest.—Dallas News.

Oxsheer Smith Goes To Maine for Memorial Day; Also Visits In Nation's Capital

Oxsheer Smith, President of Citizens National Bank, was in Augusta, Maine, Monday for observance of Memorial Day.

Mr. Smith left Cameron late last week for Maine, going by rail and left Milam county over the Missouri-Pacific. He will return to his home here on June 11.

New England makes much of Memorial Day and there are no forgotten men there, said Mr. Smith. Observance approaches the significance of July 4 as celebrated in Texas.

Mr. Smith is director of finance on the Brazos River Board for flood control and hydroelectric development in this district and while away will go to Washington to advise with officials of the government.

While in the east he will visit Irvin N. Clark, Vice President of the Patterson Savings and Loan Company at Patterson, New Jersey.

Mr. Clary was at one time Cashier of the Citizens National Bank in Cameron and also lived at Milano when a small boy. His home is located about 12 miles from New York.

Adolph The Chicken Has Feet Where Tail Should Be; Is Prize At Ideal Hatchery

Adolph, the Barred Rock chicken, now about 6 weeks old, is quite a prize exhibit at Ideal Hatchery.

In a special box with port holes all around, Adolph, visited The Herald the other day. He didn't have much to say but just look at him.

Adolph has four legs, yes sir, but they ain't where you might expect all of them to be. True he stands on two of them but the other two are curled up over his back where his tail ought to be. He has no tail, just two big black feet growing right up his back.

Adolph is healthy. Mr. Fucks says he expects to see him full grown and living a long time. There are other peculiarities about Adolph that will surprise you. Drop by the hatchery and see him.

U. S. Treasurer Killed In Crash

W. A. Julian, treasurer of the United States for almost 20 years was killed early Sunday in a car crash near Bethesda, Maryland.

Mr. Julian's name appears on every piece of currency in the country. Death was instantaneous and members of the rescue squad worked half an hour to extricate the body from the wrecked car.

Julian was named to the post of treasurer by the late Franklin D. Roosevelt in the early part of his first years as President.

LITTLE LINDA IS A "BLUE BABY"

NEW FISH LAW GOES INTO EFFECT

TOMATO ARE MOVING

Linda the "Blue Baby" Will Get Hospital Money

Little Linda, the "Blue Baby" will have her chance to live.

That was made plain here late Wednesday and Wednesday morning as more and more people came in and the fund grew.

One little girl, 6 year old Dawna Roberts, emptied her savings bank of \$1.02 and gave it all for Little Linda.

Baby Linda is 19 months old. She is the daughter of Mr. and Mrs. Claude Sweaks of Hoyte. If she cannot go to the hospital in Dallas, she cannot survive. Even with surgery she has only a fifty-fifty chance to live. Fine, generous, big hearted people here are seeing that Little Linda has that chance to live.

From day to day the names of those who give will be listed. Here is the list thus far of those who obeyed the greatest impulse of human kind, giving to those who need:

R. P. Williams	\$50.00
J. B. White	50.00
H. B. McClellan	2.00
P. W. Davis	10.00
Mrs. Nettie Nance	5.00
Robert Riddle	5.00
R. L. Batte, III	25.00
John Summer Batte	25.00
Glass, The Florist	25.00
The Specialty Shop	20.00
J. R. Poole	5.00
O. B. Beasley	5.00
M. J. Wiggins	1.00
Frank Erms, Sr.	1.50
Charles Goodson	.35
Clara Reimer	.90
Evelyn Kotrola	1.00
Edith Walton	1.00
E. H. Davis	2.00
Mrs. J. J. Martin	1.00
Frances Michna	2.00
Dawna Faith Roberts	1.02
Julian E. Cabron	5.00
Homer McLane	10.00

Snowwhite Laundry Buys Model Cleaners Modern Plant Here

Ray Lester, owner of the Snowwhite Laundry in Cameron, has announced the purchase of the modern plant of Model Cleaners and has moved the equipment to the laundry building at the corner of East 1st street and North Fannin.

Mrs. Roland Gandy who purchased the plant recently from Delamon Hayes, will now be with the Snowwhite Laundry and also her experienced dry cleaning plant workers.

The addition of this equipment to the facilities at the Laundry will give the plant a wider field of service. The idea of a dry cleaning service has been under consideration for sometime, it was said.

The plant of the Model Cleaners is new and modern. The equipment was moved Sunday and will be in operation Tuesday, May 31 for business.

The Snowwhite Laundry is now managed by Lee Marek who recently succeeded Mr. Toomey who has left Cameron and moved to Pecos, Texas. Mr. Marek is getting off to a good start and his many friends will be glad to know he is in charge of the business.

NEW PATIENTS AT NEWTON MEMORIAL HOSPITAL

The following new patients are reported at Newton Memorial Hospital: Rex Bartlett of Rockdale, surgery, W. F. (Bob) Hensley of Cameron, Ann Luce of Milano, Mrs. Herbert Baggerley, Sr., of Cameron, Bobby Williams, son of Mrs. Maebele Williams of Cameron, Epidia Pomez of Cameron and Samuel Kirby Anderson of Cameron.

Tells About Tourist Attractions Along Arizona Navajo Trail

Teece Nos Pos, Arizona, May 19

To The Editor:

As the result of the recent Texas and national publicity given activities of our family out here in this remote section of northern Arizona, we have had many letters, some of them from the Cameron region, asking about the Navajo Indian and about tourist facilities and attractions in and around the reservation.

Undoubtedly there were some letters that did not reach us. Out here on this mountain trail, we have no postoffice and Postal authorities probably said "no such postoffice." Mail is brought in by traders, missionaries and agency officials from Shiprock, New Mexico.

The most complete and authentic information on "the current plight" of the Navajos is found in the recent book, "The People" by a Texan, Dr. George I. Sanchez, and available at cost, one dollar, at Haskell Institute Print Shop, Lawrence, Kansas.

Tourist information may be found in the beautiful picture maps, booklets and other pictorial material that can be obtained free by directing post card requests to the Chamber of Commerce at Gallup, New Mexico, Chamber of Commerce, Flagstaff, Arizona and State Tourist Bureau, Santa Fe, New Mexico.

The nearest tourist attraction to Teece Nos Pos is Monument Valley, center of the movie making, art and dude ranch activities. Data on accommodations are available at Goulding's Trading Post via Kayenta, Arizona.

If you readers have questions after reading these materials, they may write to me and be assured of an answer.

Sincerely,

Eugene Clyde Weafer.

P. S. I also extend greeting to all my good friends that I met when I was a Federal Social Worker in Milam County.

COLORADO CO. NATIVE DIED LATE SATURDAY

Funeral services for Herman Boedeker, 81, widely known resident here and a native of Colorado county, were held at 9:30 a. m. Monday, May 30 from St. Monica's Catholic Church by Father George J. Duda with interment in St. Monica's cemetery.

Mr. Boedeker died in St. Edwards Hospital in Cameron shortly after noon Saturday, May 28. He had been under treatment in the hospital for several days.

At 9 a. m. services were held at the chapel of the Green Funeral Home in Cameron and later the body was taken to the church for the final rites.

Mr. Boedeker, a brother of Ben Boedeker of Cameron and Mrs. Bertha Kurtzman of Cameron, had been a resident of Milam county for the past 64 years. He was a native Texan and born in Colorado County in 1868 of pioneer parents who settled in that portion of Texas in the early stages of the colorful history of the Lone Star State.

Mr. Boedeker was the father of Herman Boedeker of Caldwell who was a member of the firm of Green (turn to page ten)

\$4.50 PAID FOR NO. 1 SHIPPERS HERE MONDAY

Tomato trucks were moving in briskly to the warves of the Foster Produce Company Monday as the 1949 market opened.

Mr. Foster was paying \$4.50 for No. 1 shippers and 2c per pound for No. 2 grade.

Pink tomatoes were bringing 10c per lb. or \$10.00 per 100 lbs. These tomatoes are commanding a fancy price because they are ready for consumption and because vine ripened are better to eat.

Farmers pick early in the forenoon and usually begin to reach the local market around 11 a. m. Tomatoes were coming in at a pretty fast clip around noon.

There was no estimate as to the crop acreage or what the approximate value of the crop will be, since tomato prices are precarious quotations due to the fact they are highly perishable. Maturities are fast and the crop must be moved normally under market glut.

Tomatoes were being marketed at a rapid rate here Wednesday despite a weak market.

Foster Produce Company was paying 3c per lb. for No. 1 tomatoes. This is one and a half cents below the opening price here Monday.

Pinks were bringing 7c per pound and No. 2 greens were bringing a cent and a half.

Mr. Foster said that he had shipped out about 3 car loads. On opening day a car and a half were shipped. The tomatoes are being trucked out. There has been no railroad shippings.

The tomatoes are good quality and are shipping well, according to Mr. Foster. The extent of the crop here will depend on weather.

51 MILE FARM ROAD URGED AT AUSTIN

AUSTIN, May 27 — A six community delegation from three Central Texas counties has asked the state highway commission for a 51.5 mile farm-to-market road from Rockdale to Florence.

The road would connect Rockdale in Milam county with Florence in Williamson county, via Bartlett on the Bell-Williamson county line and Jarrell in Williamson county.

Construction already completed measures 1.3 miles on US 77, with 7.7 miles of the link under construction now on FM 487, making the total stretch to 60.5 miles.

J. E. Moore, Jr., of Bartlett, chairman of the chamber of commerce road committee, told the highway commission that some of the small towns involved have no paved road running east and west through them.

State Highway Engineer DeWitt C. Greer pointed out that the area involved lies not only within the edge of three counties, but also on the outer fringes of three highway districts. He expressed the idea that they might be overlooked in future planning unless they brought their problem to the commission.

Moore said the interested people had been working with the three county commissioners' courts, and they felt like they would receive their cooperation.

The commission took the request under consideration, and will probably give an answer within about 30 days.

Other members of the delegation were: Cy Young and Fred Blair of Bartlett; Les Parker of Schwertner; Fred Harrison, W. E. Votow and W. Z. Cotham of Jarrell; Nelson Davis and Paul C. Graves of Sharp; E. G. Looney of Friendship, and Clyde H. Moore of Davilla.

Printing is a home industry.

STATE SEEKS TO STOP BAD PRACTICES HERE

A new law is in effect prohibiting the sale of fish from streams in Milam county.

That is not a new thing. The bill, however, goes further, it makes it a violation to buy the fish or to possess them and the minimum fine is \$25 and the highest is \$100.

Representative H. F. Paschall of Milano, at the request of the Fish and Gun Club in Rockdale, introduced the bill. It passed under suspension of the rules and with the emergency clause and has been signed by the governor. The law has been in effect since last week.

The bill prohibits the use of nets and seines, as has been the law for years. You can use up to a 20 foot sein for bait catching.

Long years of abuse of the waters of Little River, the San Gabriel River and other streams, is fast exhausting the fish supply. These streams, especially Little River, are filled with nets and fish traps. The pillagers even use dynamite.

Not long ago a local eating place advertised fresh Little River catfish on its menu. Restaurants that buy fish now are subject to prosecution, but nobody believes anyone will be prosecuted in Milam county for such an offense.

No matter how bad the situation may be, local officers, will not fool with game laws. They say it's the duty of the wardens and that of course is the customary thing. The catch is there are no game wardens. Anyone arrested and charged with violating game laws usually find local sympathy and help. The game warden is an outsider and gets the cold shoulder.

What this county needs is a local man who believes in the principles involved in the preservation plan for (turn to page ten)

TOTAL FOR MAY DROPS FAR BELOW APRIL

Building permits in the city of Cameron for the month of May totaled \$14,300.00 it was disclosed here Tuesday morning by W. H. Stafford, City Secretary.

The permit total is for residence construction and repairs. The largest item for the month was for a residence amounting to \$4200.

Construction figures for May fell far below figures for April. The total for the year was substantially the same as for 1948. It is interesting to note that construction totals for the past three years have totaled about one quarter million per year. In four years at the rate Cameron will have accounted for a million dollars in new buildings.

Cameron is still tragically short on business space. The mercantile area has not kept pace with the residence sections.

LET'S HELP LITTLE LINDA

Baby Linda is a "Blue Baby." You've read a lot lately about blue babies. They are born with congenital heart ailments. They are called blue babies because their little bodies turn blue from unpurified blood. The heart is defective and causes the baby to suffer from lack of oxygen. The heart enlarges as they grow older.

Baby Linda lives with her parents Mr. and Mrs. Claude Sweaks across the river in the Hoyte community. She won't live long if she can't have an operation. Even then it is a fifty-fifty chance. They don't have the money. It will cost almost one thousand dollars, \$500 immediately for the hospital and special nurses.

There is only one hope—surgery. The operation must be performed in late June. There is no hope for Little Linda, now just 19 months old, unless she can go to the hospital in Dallas.

PARENTS CHILD MUST HAVE HOSPITAL CASH

Baby Linda is a "Blue Baby." She is now 19 months old and surgeons say she has a fifty-fifty chance to live if she is taken to the hospital for a delicate heart operation.

Baby Linda is the daughter of Mr. and Mrs. Claude Sweaks of the Hoyte community. Mr. Sweaks is employed by Williams, The Plumber. The parents do not have money for the operation or the hospital bill. It will take about one thousand dollars, \$500 at once.

The Dallas Surgeon at Bradford Memorial Hospital wants to operate in late June.

Blue Babies are born with a heart ailment. Their bodies become blue because they do not get enough oxygen to purify their blood and unpurified blood makes for the blue color.

Linda's parents want to take her to Dallas. They know they have only one chance to save their baby. They are willing to take that chance. If they don't Little Linda will die. That is certain. She may not survive even though she has the needed operation, but they feel it is worth everything to them to give their baby that chance.

Baby Linda was a "wanted baby" and her parents welcomed her with open arms, and their only other child, a girl, then past 13 years, was happy too, to have a little sister.

Linda's birth was normal and her parents happily brought what they thought was a healthy, normal baby girl home from the hospital.

By the time she was six weeks old the parents discovered "she did not breathe just right." Finally the doctor told them she was a "blue baby" with a congenital heart ailment in a bad form. Linda might not live more than a few months, and surely not more than a few years.

The case was hopeless, they thought, but Little Linda gained weight and still looked normal until after she had reached her sixth month. Her baby picture at the age of six months, shows a chubby, smiling darling. Soon after that she began losing weight and the "blueness" became more apparent. She learned to walk and talk but her condition continued to grow worse. Now at the age of 19 months she weighs less than at the age of six months.

She is a beautiful little blond haired, blue eyed mite of sweetness, as delicate and wraith like as priceless wrought china.

Linda's parents were frantic when they realized how desperate was the condition of their baby. It wasn't easy to face. Parents with money can take their children to the big name hospitals; they can pay for medical and surgical skill, and sometimes that don't help, but Linda's parents were facing the thing the hard way. Each day as they witnessed the fading of the Little Flower of their home and tucked her frail body in bed at night they prayed as only those who face stark reality can pray—the abnegation of total resignation to the inevitable, still clinging to (turn to page ten)

People in poor circumstances, like all of us, know what it means to face a thing like this without money. The good people of Cameron have never failed to respond to a worthy appeal. They won't fail now.

The state can't help. Organizations can't help. They have red tape and regulations. Be that as it is. There are no limitations on human sympathy. Your purse strings are not governed by city limits or orthodox charity; nor short sighted legislation. A big heart and a few dollars will do the job.

What's \$500 or a thousand dollars compared to giving a baby a chance to live. What, in God's name, is money for, anyhow, if it can't buy surgery and hospitalization for babies? Come on, let's all chip in and raise it at once. This little daily newspaper will start it off with \$50.00. It's a privilege.

NEW LINE GMC TRUCKS NOW IN PRODUCTION

In a statement released today, M. D. Douglas, General Manager of GMC Truck & Coach Division Motors, revealed the first details of the GMC Division's new "H" series heavy duty trucks, said here by John Muse Motor Co.

"The most complete range of all-new, all-improved heavy duty trucks ever to be announced at one time," Mr. Douglas stated, "this new GMC line will be comprised of 61 basic models. Weight ratings for straight trucks range from 19,000 to 75,000 pounds. Tractor-trailer combination weight ratings go up to more than 90,000 pounds for mining, logging and other off-the-highway operations.

"Benefiting by all the outstanding engineering and manufacturing facilities of the nation's most complete truck plant," he continued, "they are by far the most advanced line of GMC trucks yet introduced.

More powerful, economical, dependable performance is the keynote of the complete heavy duty engine line. There are five new, more powerful gasoline engines, all are GMC-built valve-in-heads, including a big new 225 horsepower model of 707 cubic inches displacement.

Diesel power plants include the

famous 4-71 and 6-71 GM 2-cycle four-and six cylinder models, plus a giant new 6-110 developing 300 horsepower which is now in the development and test stage.

New front-end styling is distinctive and functional, similar in appearance to the current light-medium duty models. Radiator grilles are frame-mounted, angle-braced, and have top and side bars of heavy spring steel bumper stock for front-end protection. Channel-type bumpers are wider, deeper and stronger. Fenders are heavy and solidly mounted, yet easily removed for easier engine accessibility.

Heavy duty GMC cabs are all new, all steel, and really tailored to truck drivers' needs. They provide more room and more vision, increased comfort and convenience, improved ventilation. Shock-free cab mountings and fully adjustable seats with snubbed spring action contribute to a smoother, more comfortable ride.

GMC heavy duty chassis are stronger and sturdier than ever before, with a long list of improved, life long features.

All frames have deeper side rails, a new type front crossmember and an "alligator" type rear crossmember. All side rails are the straight type, providing better engine accessibility and wider spacing of front springs. And all models have wide-track front axles and longer, easier riding front springs, with shock ab-

sorbers as standard equipment.

Synco-Mesh transmissions are standard or available for every model, and GMC's famous recirculating Ball Bearing Steering, standard throughout the line, is even better than ever.

New and improved hydraulic and air brakes are safer, faster acting, easier to operate and offer greatly increased lining life. "Tru-Stop" vertical pull-up type hand brakes are standard on all of the heavier models.

There are eight basic rear axle designs, providing exactly the 'right' axle option for every hauling job.

The first all-new models of GMC's new heavy duty line are scheduled to roll off the assembly lines around June 1st. It is planned to have all models in production by early fall.

Concurrent with this introduction of new heavy duty trucks, GMC also announces a new, more complete pricing policy on these models. New prices will include needed items of equipment which, in general practice now, are added to the base price. This policy represents substantial savings of the purchaser on his original investment.

Judge Morrison Is Cleaning Docket In District Court Here

Judge W. A. Morrison was cleaning house on docketed cases in District Court here Monday.

In a letter to lawyers who practice before the court, Judge Morrison, said he would set aside Monday, May 30 to go over the docket and dismiss cases where there are no good reasons to retain them.

In the morning session Monday Judge Morrison found some divorce cases filed as far back as 1916 and 1917 and was clearing them from the docket.

Criminal cases demand more attention and he was proceeding with great caution in these matters. In the main the cases wiped off the dockets are civil cases. Lawyers who appeared Monday in some instances wished to retain the records as they are and where they request the court these actions are kept in force.

Murder cases do not come under the limitation statutes. The administrations of Emory B. Camp as Criminal District Attorney and also of Judge Morrison who was prosecutor also, and the years Ed Gunn served, are being combed for docket clearings.

The Corkern's had as their guest the past week end a distinguished preacher from Louisiana, Dr. Gordon who has been pastor of First Baptist Church at Amite, Louisiana for more than 27 years. His entire ministry has been with this church.

Mr. and Mrs. Joe J. Vaculi Jr., and Mr. and Mrs. Joe Bartek and daughter Jo Ann spent Sunday with Mr. and Mrs. Charlie Tomek at Camp Hood.

3 NEW ENLISTMENTS FOR GUARD UNIT HERE

Three more enlistments were made in Battery C, 649th Anti-aircraft Artillery Battalion, recently, Captain Rudolph E. Michalka said when reporting on new developments in the local National Guard unit.

The three new enlistments are: Joe C. Willingham, Steve T. Watts and James W. Offield. Watts and

Offield are students at local schools and Willingham is a farmer.

Capt. Michalka said that three applications for appointment as officers in the unit also have been received and are being considered by Headquarters at this time.

In commenting on other developments, he said that fifteen enlisted men attended the second week-end of familiarization firing on the rifle range at Camp Hood on May 21st and 22nd.

High scores reported were: Expert

—Billy G. Neeley; Sharpshooter—Herman Hairston, Andrew L. Ondrea, William C. Mitcham; Marksman—Eugene A. Mitcham, Milush Kostih, Charlie E. Hrachovy, Wesley M. Braden and James F. Dodd.

Adrian McCown transacted business at the Court House recently. Mr. McCown is from Gause.

Walter Gradwvender of Route 3, Rockdale visited in Cameron Thursday.

49 PONTIAC

Hydra-Matic Drive, white sidewall tires, bumper guards and fender shields available at extra cost.

A Product of General Motors

America's Lowest-Priced Straight Eight!

Until they see the actual figures, few people realize that the big, beautiful Pontiac eight is America's lowest-priced straight eight. Not only does it undersell all other straight eights by a substantial margin, but it actually costs less than many six-cylinder cars!

The fact that the Pontiac eight gives so much for so little is the basic reason for the great and growing popularity it enjoys.

Pontiac has distinguished appearance, and distinctive Silver Streak styling. Its spacious Body by Fisher is handsomely upholstered and appointed.

And finally, it is powered by the world's sweetest engine—a great straight eight which is supremely smooth and quiet, instantly responsive to the accelerator, packed with power—an eight which gives peak performance and economy.

We honestly believe that no other car carries such definite assurance of really enjoyable performance at so low a cost. We invite you to come in and take the wheel yourself. We're sure you'll be very pleasantly surprised.

ANTI-POLIO CLEANUP STARTS HERE JUNE 2

A complete organization for the 1949 precaution against the recurrence of Polio in Cameron, was set up Wednesday at the Chamber of Commerce.

The first move in the week designated for the cleanup will be made on Thursday, June 2 when the inspection will begin. This phase of the cleanup will continue through Friday, June 3. A committee from the Rotary Club and the Lions Club will be named to make the inspection.

The inspection is important because it determines what will have to be done to clean up the old dirty town. Dr. Clifford Swift as Chairman of the Committee on Health and Sanitation for the Chamber of Commerce, presided at the meeting Wednesday at 1 p. m.

On Thursday, June 9 stores and business houses will be closed for the

final effort. On this date trash and other accumulations from the clean up will be trucked away.

In order to finance the cleanup a committee will be set up from the Auxiliary of the Veterans of Foreign Wars.

The American Legion and the Volunteer Fire Department will have charge of spraying the filthy spots and other sections to be benefited by the precautions.

The Veterans of Foreign Wars and Disabled Veterans will be responsible for organizing the trash collection and many trucks will be needed.

Representatives of the organizations were present for the organization Wednesday.

Complete instructions will be given in a circular to be distributed over the city Monday, May 30.

During the progress of the clean up there will be daily instructions and a moving account of the progress of the campaign. As soon as committees are named the members will be listed in these columns.

FOSTER PRODUCE WILL SHIP FIRST CARLOAD

Cameron's 1949 green tomato market will open Monday, May 30 it was announced Friday by J. L. Foster at the Foster Produce Company.

Mr. Foster in commenting on prospects was not optimistic but feels that if only the best tomatoes are harvested and shipped the demand will be steady. It is a widely known fact that Milam county produces one of the best tomatoes on the market.

Mr. Foster said he had just returned from a visit to the tomato country. He said he found some very fine tomatoes and some not so good. He rated the present prospect about like this: The crop is 15 per cent excellent quality; 15 per cent fair and 15 per cent probable. That would mean about 55 per cent no good.

He said that inspection would avoid blight which is prevalent to a large extent this year. Excessive rains at first were harmful but the rains of Wednesday were beneficial except on fields where the blight is prevalent.

Mr. Foster said he had received a call from a Kansas buyer who has contracted to take the first carload. He is paying Mr. Foster a premium on these tomatoes because he is satisfied they will be good. The buyer has been on the Foster list for a long time.

Mr. Foster said the market has been fouled up by bad tomatoes, that too many have been shipped prematurely. The crop in Milam county is late but should begin to move well by the end of next week.

Judge Cracks Down On Drunk Driver: Is Serious Offense

Dewey Morton arrested by Constable Sexton at Rockdale on a charge of drunk driving, paid a fine of \$100.00 and costs in county court here Wednesday.

Morton entered a plea of guilty. His license to drive a car is taken away for 6 months.

Judge Dan Tyson disallowed extenuation asked because Morton is a war veteran. In an extempore from the bench Judge Tyson, who lost a son in the war, made it plain how he feels about veterans, but in declining to allow a more reasonable penalty for the defendant, said that the driving of an automobile on the highways while drunk is an offense so serious that he cannot excuse a veteran or anyone else.

Drunk driving is so serious and such a threat to life that many people believe penalties should be more severe.

Reese Ashley of Milano transacted business here Friday.

Mary Alice Jackson Now Graduate Nurse

Miss Mary Alice Jackson, daughter of Mr. and Mrs. Fred J. Jackson of Cameron is finishing her three years of nurses' training at the Jefferson Davis Hospital School of Nursing in Houston.

She now has her Associate of Arts diploma from the University of Houston for her sixty hours of College credit. She will be given her nursing diploma by Jefferson Davis Hospital May 20, 1949. Miss Jackson is popular in and around Cameron and has a host of friends and relatives who will be happy to hear of her achievement.

DAUGHTER TO THE KIRK'S

Mr. and Mrs. Howell A. Kirk are the proud parents of a daughter born May 7 at Seton Hotel in Austin. The baby weighed eight pounds and 12½ ounces and has been named, Karen Kay. They have another daughter, Linda Sue who is eighteen months old. The mother is the former Miss Dorothy Shuffield.

Mrs. George Graves visited her son Thomas Graves and family in San Antonio the past week.

"My Servel Gas Refrigerator operation cost as low today as it was 16 years ago"

says Mr. Nolan Hayden, Belton, Texas

**Proof:
Servel Gas Refrigerator
Stays
Silent,
Lasts
Longer**

"I used my Servel Gas Refrigerator in my Cafe for several years. It withstood the rigors that only a Cafe can give a refrigerator, with flying colors," says Mr. Nolan Hayden. "Later I moved it to my home and it is still giving the best of service after all these 16 years."

"Best of all," he continues, "the operation cost is just as low today as it was 16 years ago—less than one dollar a month."

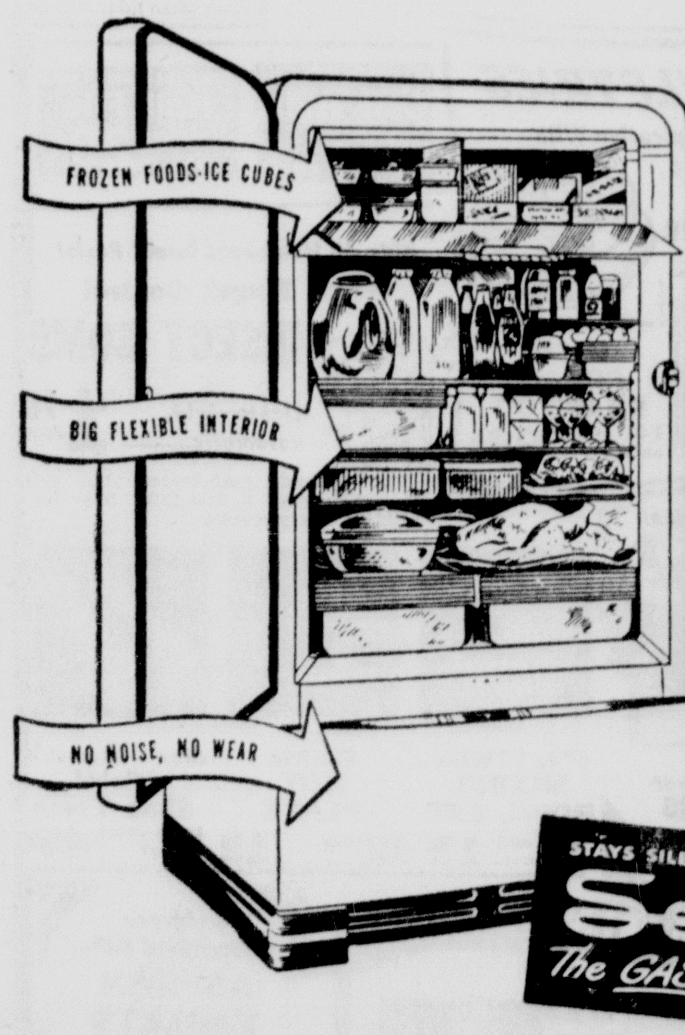

Servel Gas Refrigerator has no moving parts in its freezing system to wear and lose efficiency. That's why thousands of homemakers are not buying just any new refrigerator. Upon learning about *silent, longer-lasting* Servel Gas Refrigerator, they, like Mr. Hayden, insist, "When I am ready for a new refrigerator it will be Servel Gas Refrigerator for me."

SHERIFF'S SALE

STATE OF TEXAS
COUNTY OF MILAM

By Virtue of an execution issued out of the Honorable Justice Court of Precinct No. 4, of Milam County, on the 11th day of April, 1949, in the case of J. D. Peoples, plaintiff versus Z. K. Thurman, defendant No. 1146, and to me, as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the FIRST TUESDAY IN July, A. D. 1949, it being the 5th day of said month, before the Court House door of said Milam County, in the City of Cameron, Texas, the following described property, to-wit:

184 acres of land out of the D. H. Vanveighten grant and 101½ acres out of the Smith Vincent grant, located about 20 miles south of Cameron and in Milam county, Texas, generally known as the W. E. Gaither place, and more recently as the Thurman farm. Said lands being fully described in deed from W. E. Gaither to Z. K. Thurman recorded in Vol. 255 pg. 369 of Milam county deed records to which deed and its said record reference is here made and same are made a part hereof for a full description of said lands by metes and bounds.

Levied on as the property of Z. K. Thurman to satisfy a Judgment amounting to \$99.13 in favor of J. D. Peoples, and cost of suit.

Given under my hand, this 12th day of April, 1949.

CARL C. BLACK, Sheriff
Milam County, Texas.

By Will Vaughan, Deputy. 8-4tc

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County, Greeting:

The Citizens National Bank of Cameron, Texas, Administrator of the Estate of A. J. D. Laffere, having filed in our County Court his Final Account of the condition of the Estate of said numbered 3784 on the Probate Docket of Milam County, together with an application to be discharged from said Administration.

YOU ARE HEREBY COMMANDED, That by publication of this Writ one time and said publication shall be not less than ten days before the return day hereof, in a Newspaper printed in the County of Milam you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday the 20th day of June A. D. 1949, at the Court House of said County, in Cameron, Texas, when said Account and Application will be acted upon by said Court.

GIVEN UNDER MY HAND and seal of said Court, at my office in the City of Cameron, Texas, this 1st day of June A. D. 1949. (SEAL)

HOMER NABOURS,
Clerk, County Court Milam County.

By Bessie Dunham, Deputy.

I HEREBY CERTIFY that the above and foregoing is a true and correct copy of the Original Writ now in my hands.

CARL C. BLACK,
Sheriff Milam County.
By Will Vaughan, Deputy. 9-1tc

Mrs. Adolph Winfield and son Benjie Ray left late Sunday afternoon for New York where Mrs. Winfield will visit her people. She plans to visit her father, Joseph Taube and sister, Mrs. Leo Wichner in Manhattan, New York and her brother, Carl Taube in Brooklyn, New York.

Mr. and Mrs. J. W. Hagood and daughters, Mary Lou and Judy of Fort Worth made a trip to Cameron over the week end where they visited in the home of Mrs. Hagood's parents Mr. and Mrs. B. Slocumb and enjoyed a real bath, the first since the flood disrupted waterworks in that city. On their return trip home they loaded their car with drinking water.

Hazel Burkes of Cameron is among the patients ill in Newton Memorial Hospital.

Steve J. Hubnik, son of Mr. and Mrs. August Hubnik is a patient in Newton Memorial Hospital.

We are still in the ring, whether in the country or the town, but though, says the mule, do not turn me up-side down.

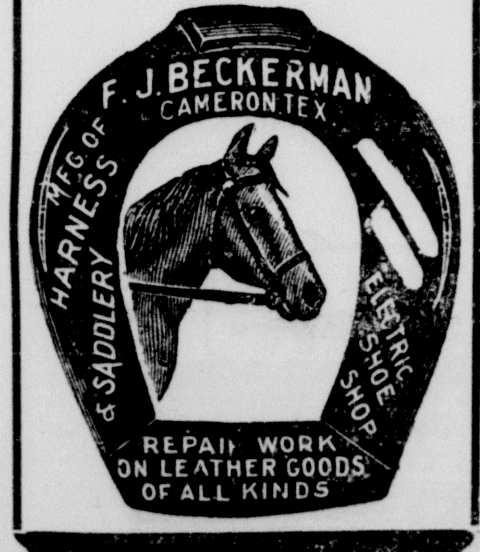

And as we look around, we see the above animal (the horse, and his kinsman, the mule) in every field of work. We have enjoyed a fine business in supplying these animals with the GEAR that it takes for them, we express our thanks to the many, many farmers who have let things COME OUR WAY.

Statistics, "Hardware & Implement Journal" shows Texas has 686,442 horses and 889,329 mules, a total of 1,575,771.

If in need of a new saddle or repairing of such we will be glad to sell you a new one or repair the one you now have.

Our assortment of new saddles now run between \$56.00 to \$135.00 in price, including the famous "Buck Steiner" saddles. So come in and see about it.

YARRELLTON NEWS

W. L. Laws of Bartlett is spending the week in the home of his daughter, Mr. and Mrs. Auttis Franklin.

Mrs. Lena Henderson of Lake Charles, La., spent the week end in the home of Mr. and Mrs. Jim Mann.

Henry Woods of Milano made a business trip to Cameron one day this week.

DELPHIAN CLUB FLOWER SHOW IS BIG SUCCESS

Cameron Delphian Club's annual flower show had 176 entries and was one of the most successful shows the club has sponsored.

Judges were especially high in praise of the potted plants and other exhibits.

A low arrangement of yellow day lilies and yellow gladioli won for the Three Arts Club, the grand prize in cut flowers (bulbs, tubers and rhizomes). Mrs. A. H. Baskin, Jr., and Mrs. John H. Davis were responsible for the entry for the club. The same club won grand prize two years ago with its wild flower arrangement, and second place last year with roses in a silver bowl.

Mrs. Alvin Dusek won the grand prize for potted plants with a well shaped begonia.

Judges were Mrs. A. E. Collier and Mesdames E. A. Buckley, George Cotton and Clayton Davis of Temple. They offered constructive criticisms and help.

Mrs. Alvin Dusek headed the flower show as chairman by appointment of Miss Mildred Thornton, president of the sponsoring club.

Blue ribbons for finest specimen went to Mrs. H. L. Colburn two, Miss Jerusha Rogers, Mrs. E. J. Burkes, and Mrs. Albert Horstmann. James Kahler won a blue ribbon in the high school arrangements.

In the children's group, blue ribbons went to David Reichert, Darlene Moore, Judy Shapiro, and Rita Reid.

Mrs. J. D. Moore won a blue ribbon for annuals and perennials.

Mrs. J. E. Flinn won the blue ribbon for wild flowers.

Inspirational arrangement blue ribbons went to Mrs. John A. Smith and Dierdre Denson.

In the bulbs, tubers and rhizomes division; these blue ribbons were awarded: Delphian Club, Mrs. Frank Monroe, Mrs. Rush Thomas, Miss Lillian Atkinson, Mrs. Emory Camp two, and Three Arts Club.

For men's arrangements, blue ribbons went to D. R. Enochs, Alvin Dusek, J. C. Martin, C. S. Terry, and Sharpe's Jewelry and Gift Store.

The show was held at First Methodist Church and entertainment was given by the Girls Chorus of Ada Henderson School under direction of Mrs. Guy Chandler Jr.

While there were only eight classifications in the show originally, many blue ribbons were given. The judges

classification, saying that if an entry is perfect it is deserving of a blue ribbon. Many red ribbons for second places, white for third and honorable mention cards were also awarded.

Winning blue ribbons for potted plants were: Mrs. H. L. Yager two, Mrs. Sam Mewhinney, Mrs. Will Triggs, Mrs. Rush Thomas, Mrs. Leland Denson, Mrs. Elmo Vaughn, Mrs. Albert Horstmann two, Mrs. Chas. Terry, Mrs. Alvin Dusek five, Mrs. Leland Green Sr., Miss Malchen Rischer, Mrs. J. H. Dusek, Mrs. Frank Lesovsky, and Mrs. M. G. Cox.

Youth Drowned In Hearne Swim Pool

HEARNE, May 31—Edward Lee Copeland, 15, was drowned in the Municipal Swimming Pool here today at 11:30 a. m. while swimming with a picnic party from the Mumford School. His parents were also attending the picnic.

The boy, while in the pool, was tossing a ball to a playmate when he stepped into deep water. Efforts to revive him proved futile.

Funeral services will be held Thursday at 10 a. m. at the Heartfield Funeral Home in Hearne.

Dawna Faith Roberts Empties Her Savings Bank For Little Linda

Dawna Faith Roberts, 6 year old daughter of Mr. and Mrs. Henry Ford Roberts, emptied her savings bank early to-day and gave every penny she had saved to Little Linda.

"Here is my savings bank money," she said. "I want it to go to Little Linda and I hope she gets well."

Dawna Faith was carrying her doll. She has a brother two and a half years old and his name is Rocky Ford Roberts.

She had exactly \$7.02. Dawna Faith has given all. There is no finer example of genuine sympathy and generosity.

Mr. and Mrs. Bob Moorman of Chriesman were in Cameron Friday on business. They report that their son Bob, Jr., who has been coaching football at Ennis for the past 3 years has taken up his duties as coach at Allen Academy in Bryan and Graham Kyle of Rockdale will be his assistant. Moorman was born at Yarrellton. One of his greatest football products was Ted Weems.

SIEBMAN PLEASED AS REPORTS COME IN

Milam County has achieved 41.66 per cent of its quota in the Opportunity Drive for the sale of Series E. Savings Bonds, Henry Siebman, county chairman, announced today.

The drive officially opened on May 16 and sales for this county through the first week totaled \$20,831.25, according to a sales report received from state Savings Bonds headquarters in Dallas. The county quota is \$50,000.00. The report carries sales through last Saturday (May 21).

The report also showed that sales for Texas were \$19,460,304, or 52 per

cent of the state quota of \$36,950,000.

Several counties reached and exceeded their quotas during the first week of the drive and numerous others showed sales of 50 per cent or more of quotas, causing Nathan Adams of Dallas, state Savings Bonds chairman, to predict that Texas will far exceed its quota "in the most successful Savings Bonds campaign since the war". The drive will continue through June 30.

Counties already having reached or exceeded their quotas are Andrews, Bailey, Blanco, Cass, Cooke, Dawson, Ector, Goliad, Hall, Irion, Kimble, Lampasas, Mills, Montgomery, Newton, Scurry and Stephens.

Phone your news items to 282.

Carlton Braden Is Promoted In Service With Forces In Japan

HEADQUARTERS, YOKOTA AFB, JAPAN—Announcement of the promotion of Carlton E. Braden, son of Mr. and Mrs. Phillip Braden, Cameron to the grade of Corporal, was made recently by Colonel James R. Gunn, Jr., Commanding Officer of Yokota Air Force Base, where Corporal Braden is currently stationed for duty with the First Air Force, the occupational air arm of Japan.

Assigned to the 3d Communication Squadron at Yokota AFB, Airman Braden is performing duties as a Teletype Operator. Being familiar with Air Force codes and phonetic alphabets, Corporal Braden's duties consist mainly of operating telegraphic typewriters for receiving and sending messages to various Fifth Air Force Bases and by doing so he is aiding materially in maintaining the success of the aerial occupation in Japan.

Prior to enlisting in the United States Air Force in February 1948, Corporal Braden attended Ada Henderson High School. Following completion of basic training at Lackland Air Force Base, San Antonio, Texas, he was alerted for overseas movement to the Far East Air Forces in June 1948.

Arriving in Japan in July 1948, Corporal Braden was assigned to the Fifth Air Force and subsequently re-assigned to the 3d Communication Squadron at Yokota Air Force Base, most prominent of the Far East Air Forces aerial installations, located approximately thirty miles northwest of the Tokyo-Yokohama area.

St. Anthony School Honor Roll Lists Twenty-six Students

St. Anthony's School has issued a list of students making the honor roll for the sixth six weeks of school.

Twenty-six students were listed as follows: Eighth grade: Albert Kotrola, Mary Ann Hoelscher, Rosalie Tomek, Albert Michalka, Anna Marie Hanel, Leola Richter; seventh grade: Frances Trochta, Henrietta Slavik, Lynn Lewis, Patsy Michalka, Bobby Balhorn; sixth grade: Joyce Hertenberger, Rudolphine Hoelscher, Ethel Mae Jistel, Eunice Kleiber, Antonia Kunchick, Frances Ann Michalka, Theresa M. Wohleb; fifth grade: Janis Ann Jistel, Barbara Ann Mondrik; fourth grade: Dorothy Dillon; third grade: Marie Mueck, Mary Ellen Richter; first grade: Charles Hol-las, Catherine Mikula, Jeannette Richter.

W. E. Thomas of Milano made a business trip to Cameron recently.

REVENUE BONDS WILL FINANCE CONSTRUCTION

MINERAL WELLS, May 16—The Brazos River Conservation and Reclamation District today approved and forwarded to Governor Jester and Army Board of Engineers plan for construction of five dams in the watershed of the Brazos and its tributaries.

The proposed constructions are in addition to the Belton and Whitney dams. The report must also have the approval of Governor Beauford Jester before he forwards it to the Public Works Committee in Washington.

The dams would include a new one for Lake Waco; Proctor Dam on the upper Leon; one on the Navasota River, just east of Bryan; Lampasas Dam on the Lampasas River in Bell County; the Lanepore dam on the San Gabriel River below Taylor.

The board instructed its committee to study the feasibility of dams at Inspiration Point and Turkey Creek in Palo Pinto County and the De-Cordova Dam in Johnson and Hood Counties to continue their work.

The committee reported through its chairman, Milton Daniel of Breckenridge, vice president of the directors, that it would be feasible to construct the three dams and that they possibly could be financed with revenue bonds and without Federal financial assistance. The dams would be power dams that would provide revenue for operating the district's floodcontrol dams, from which there is no revenue. Some flood control, power production and considerable water for domestic and industrial use would be provided by the three dams.

Other members of the committee are Russell Whitley of Mineral Wells, W. E. Abbas, Cleburne, John D. McCall of Dallas and R. D. Collins of Mineral Wells.

Hot Check Racket Grows In Milam Co. Sheriff Holds Many

Cameron needs a closer supervision of credits and cashing of checks by strangers as well as some who are known.

The hot check artist has become

quite a problem over the state. Sheriff Carl Black told a representative of this newspaper Friday Morning that he holds \$2500.00 in worthless checks that have been cashed in Milam County.

The passing of hot checks is punishable in the maximum by prison terms. In many cases merchants turn hot checks over to the Sheriff for collection.

Sheriff Black has earned the reputation of being Milam County's No. 1 Accommodator, but he says collecting hot checks is sometimes a very slow job.

Strangers who wish to cash checks and who have no identification should be subjected to inquiry as to their reliability. If this were done, in the opinion of Sheriff Black there would be less trouble.

Cameron Gets New Plumbing Firm

Cameron has a new plumbing firm to be known as Central Plumbing Company.

F. W. Frenzel and D. J. Delaney of Galveston have arrived in Cameron and are to establish their business. Definite location has not been determined but calls are being taken at their homes for work and contract plumbing.

Both are late war veterans and both served with the United States Navy. They are experienced plumbers and make their announcement in an advertisement in this newspaper today.

Bat Strikes Girl In Face; May Lose Eye

Clara Nell Wildgrube, 14 year old daughter of Mr. and Mrs. Edwin Wildgrube, was critically injured around 9 p. m. Friday night in city park in Cameron during a ball game.

A baseball bat slipped from the grasp of Rev. Herbert Holloway, pastor the Clarkson Baptist Church, as he took a swing at a pitched ball, struck Clara Nell in the face.

Her nose was badly smashed and her left eye critically injured. She was rushed to a hospital here, Dr. T. Leland Denson said early Saturday that the eye is intact but badly injured. She sustained face lacerations along with the other injuries.

The injury occurred during a game between a Cameron team and Clarkson in the Softball League.

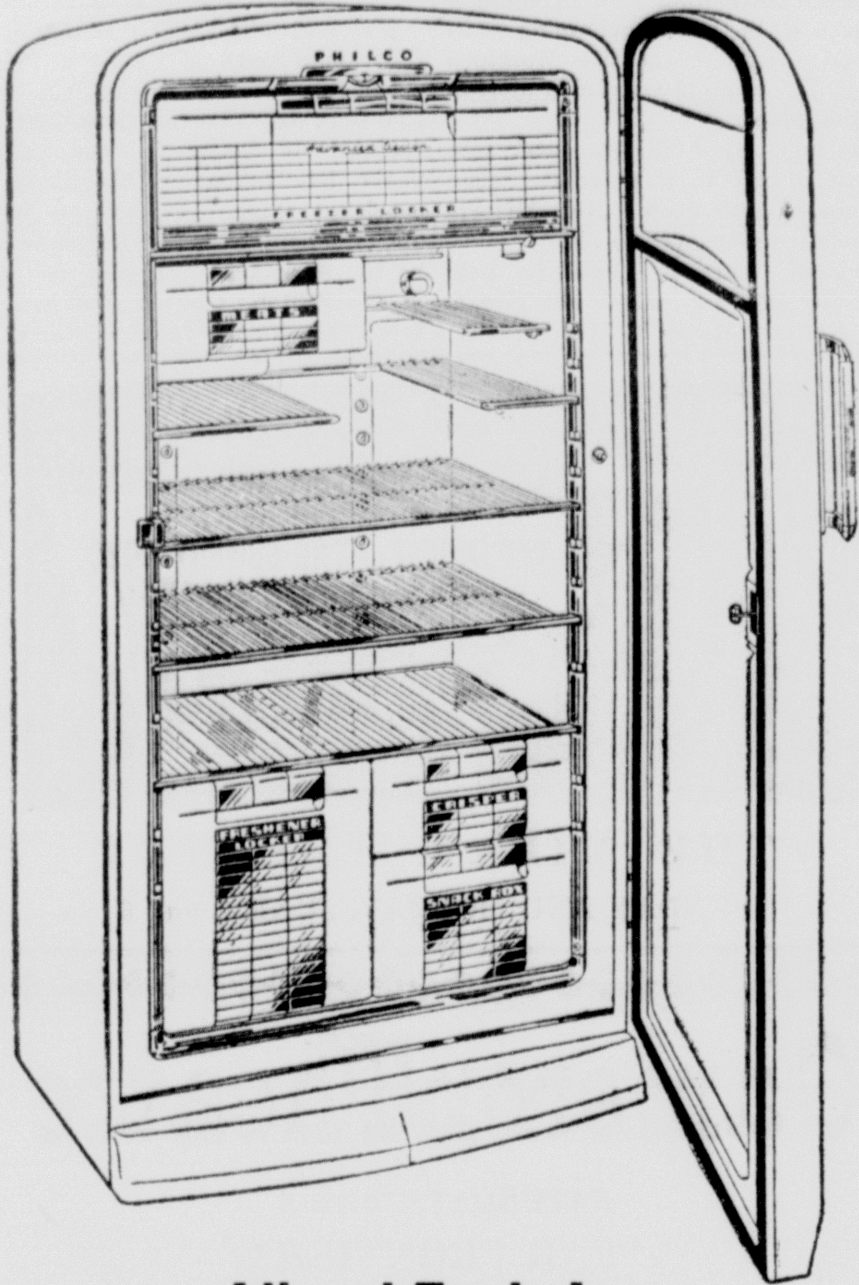

National Guard Goes To Rosser Flood Area

Two companies of Texas National Guard have been dispatched to the Rosser area along the Trinity River, it was disclosed early Saturday.

In Austin Governor Jester sent an additional number of Highway Patrolmen to the scene to give added protection in case of the expected break of the levees.

Around Rosser are some of the state's best farm lands. The levy along the river was threatened and may break as waters climbed up to within a foot of the crest.

BLOCKADE OF BERLIN REIMPOSED FRIDAY

The Russian Reds have cracked down on us again.

After tricking the Western Powers into a four power talk by partially lifting the blockade of Berlin, they have again imposed the blockade and the German capital is facing as serious supply problem as ever.

Two other things happened to make the situation more clear. The Reds told the United States Friday it must cut down the width of the air corridor through which the city has been supplied with food for a year.

Of course the United States Representative Dean Acheson rejected the suggestion. The Reds are going to start shooting into the corridor up to 30,000 feet.

In London a British court refused to send Gerhart Eisler back to the United States where he is wanted following his conviction. The British refused extradition on the grounds that the court had not proven Eisler guilty of an extraditable offense.

Russia was co-operating vodka style with the western countries.

\$100.00 For Blue Baby

Before the Daily Midget went to press Tuesday \$100 had been posted for Baby Linda. R. P. Williams, the Plumber, gave \$50 and The Daily Midget gave \$50. Send your checks to the Daily Midget or to the family, as you wish, but send them.

Mrs. C. T. Stubbs, Sr., of Gause is among the patients ill in Newton Memorial Hospital.

BOEDEKER—

(continued from page one)
& Boedeker, later moving to Caldwell.

Mr. Boedeker was an uncle of Mrs. F. G. Blake of Cameron.

In his early days he was engaged in farming and stock raising as were most of the early day pioneers who settled in this county in the early eighties.

Mr. and Mrs. Boedeker celebrated their golden wedding anniversary on January 4, 1948.

Mr. Boedeker had been in poor health for a long period of time and during the past three months his condition was more critical. While the family and close friends knew of his serious illness, the public at large was unprepared for his passing.

The body of the pioneer was laid to rest in the Catholic Cemetery, in the faith he had been loyal to all his religious life. The Green Funeral Home directed arrangements.

Surviving are his widow, Mrs. Herman Boedeker, two daughters, Mrs. Annie Persky and Mrs. Josephine Moraw of Bryan, three sons, Otto Boedeker, Henry Boedeker of Taylor and Herman Boedeker of Caldwell.

Two brothers and one sister survive as follows: Ben Boedeker, prominent business man here and gin owner until recently, and Emil Boedeker of Stamford; Mrs. Bertha Kurtzman of Cameron.

Surviving also are 8 grand children and one great grand child.

Mr. and Mrs. E. V. Blissard of Houston visited in the home of her parents, Ms. and Mrs. August Knipp the past week end.

RUSSIANS HEAR WEST SAY NO TO CHAOS PLAN

PARIS, May 31—It was the West's turn to say "No" to Russia today.

The United States, Britain and France refused the request of Soviet Foreign Minister Andrei Vishinsky to invite a 22-man delegation from the Soviet-sponsored German People's Congress to present the German case to the Foreign Ministers Council.

This was after Vishinsky said "No" to the Western proposals for a merger of East West Germany under the Bonn constitution on Monday and again for two and a half hours today.

In much shorter time but no less emphatically U. S. Secretary of State Dean Acheson, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schumann said "No" when their turn came.

That seemed to end in failure the discussion on the political merger of Germany. The ministers expected to pass on the Berlin problem tomorrow. The question was whether the same deadlock would develop on that issue, too.

The delegation which Vishinsky asked the ministers to receive was chosen yesterday from a single slate in a show of hands by the People's Congress was elected in Soviet zone balloting a little over two weeks ago from one list of hand-picked candidates.

About a third of East zone German voters cast "No" ballots.

"I do not believe this delegation of the Third (People's) Congress could or would express any views whatsoever other than those expressed by Mr. Vishinsky," Acheson said. "I refer to look to Mr. Vishinsky himself for official expressions of the Soviet Government."

Schuman said if the Eastern Germans were invited to present their case, the representatives of Western Germans who are setting up a government at Bonn would have to be invited also. He said this would turn the Big Four Conference into a debate between two sections of the defeated enemy.

Ford Plant Strike Is Settled Sunday

Work at the Ford plant in Detroit was resumed Monday ending a 20 day old strike of CIO United Auto Workers.

In Dallas it was said that work there would not be resumed for several days due to the shortage of parts caused by the strike.

The Union agreed to arbitration of the speed up demand by the company.

SUMMER BEARS DOWN

Cameron had 97 degree temperature Monday for one of the hottest May days on record. But Refugio was far ahead with 108 degrees. It was hotter in Dallas than any other place outside the border city.

Shack T. Shafer of Hanover was a business visitor here recently.

LITTLE LINDA—

(continued from page one)
whatever ray of hope was left to them.

They heard of a doctor in Waco who was a "heart specialist" and might help them. They took Linda to see him. He told them he could do nothing, but did refer them to a doctor at Children's Medical Center in Dallas. They took Little Linda to Dallas. After the examination, the heart specialist at the medical center confirmed the previous diagnosis of other doctors. Here at last was the ultimate in reality. Little Linda was slowly dying of the dread heart ailment.

A very delicate heart operation right away might give Linda a fifty-fifty chance to get well. The parent's hopes rose, only to fall again. The good Surgeon would wait indefinitely for his money but hospital rooms, special nurses and the like, require cash, maybe \$500 and more. Linda's parents do not have it and cannot get that much. State funds are not available for that type of surgery, and there are no local agencies to handle a case like this.

Time is running out for Little Linda. The doctor wants to operate in late June.

Little Linda's smile is still bright. Her china blue eyes sparkle, but her arms and legs get thinner and her baby steps more stumbling all the time, the enlarged heart causing an un-natural looking lump to appear in the thin little chest.

Mr. and Mrs. Bill Morris of Temple spent several days this week visiting in the home of Mr. and Mrs. Gus Plentl.

Mr. and Mrs. Owen Weems visited their daughter, Mr. and Mrs. Lincoln Barber and children in Jacksonville over the week end.

VISHINSKY MAKES IT PLAIN NO SOLUTION

Andrei Vishinsky, Soviet Foreign Minister, made it plain in Paris today that no settlement of the German question can be made.

He took up where he left off last spring and has made three separate proposals since the conference opened, his latest that a German Board be set up to administer the affairs of the country.

When the conference opened he proposed that the four powers take over. The Russians will not agree with anyone. They want to rule and unless they can have their way there will be no settlement.

That there can be no doubt of this attitude seems borne out by the facts. Unless the Western powers make concessions the conference will break up as it did before.

The United States, France and Britain have said they will not yield and will agree to nothing that will set aside the government in the western zone.

No progress has been made at Paris and none is expected.

Dr. J. H. Barnett Died In Marlin

Dr. John H. Barnett, 64, widely known Marlin doctor, died in a Marlin hospital at 10 a. m. Sunday. He had been ill for a long period of time.

Dr. Barnett was well known in Cameron. He had practiced medicine in Marlin for the past 29 years.

Funeral services were to be held at 4 p. m. Monday, May 30 from First Presbyterian Church in Marlin with interment in the Calvary Cemetery.

FISH LAW—

(continued from page one)
fish and game. Public support would be forthcoming. Sportsmen everywhere condemn the professional fisherman in inland water courses.

It was understood that efforts will be made to restock the streams in Milam county. The government will not allocate fish to public streams where there is no law to protect them against commercial fishing. Little good it will do to stock the streams if law violations are to continue.

Another angle to the story is that people have rights along public streams. They belong to the state. One may not cross posted property but they have the legal right to access and may be free to move up and down the streams so long as they observe the footage limitations back from the banks of the stream and do not encroach on private property.

You cannot post a stream against fishing. You can post land against trespassing. Fishermen cannot be kept away from streams no matter if they do border your lands.

Only Chrysler Offers

Drive through high water... Start instantly in dampest weather!
You can't stall this amazing Chrysler High Compression Spitfire Engine even if you play a hose on it!

Latest and greatest development in high compression! Pioneered by Chrysler engineers who first introduced high compression to America 25 years ago! Featuring still higher compression Chrysler's mighty Spitfire again steps years ahead. Now you get completely waterproofed ignition system, coil, distributor, wiring-harness, Spark Plugs—everything! And again our developments in engine protection keep pace with our advances in performance! Full Pressure Lubrication prolongs engine life. Exclusive Full Flow Oil Filter keeps oil so clean that a change is necessary only every 5,000 miles. Chemically treated cylinders reduce cylinder wall scoring, save on oil. New Wide-Gap Resistor Spark Plugs cut misfiring, conserve fuel. Superfinish reduces wear of moving parts. And these are only a few of the Chrysler engineering "firsts" the others can't match. Phone us today for a demonstration.
